**INTRODUCTION TO THE SUBJECT:**

English Language Development (ELD)—Beginning Grammar and ELD Beginning Reading provide a systematic and focused approach to English language development, using rigorous and coherent instruction that motivates students with relevant, readable literature and strategic skill instruction. Students who begin in these levels need sequential work in phonemic awareness, phonics, decoding, and spelling as well as foundational work in vocabulary, language and writing. Students will continue to build fluency in academic language and prepare for high school graduation. The California Language Arts Content Standards as well as the English Language Development Standards have been incorporated into the Course Objectives.

**COURSE OBJECTIVES: Students will**

**(Listening/Speaking)** Continually expand their comprehension and production of oral English in everwidening contexts to participate fully in a mainstream English setting. Specifically, they will understand and speak oral English within the age-appropriate parameters as stated in the *California ELD Content Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

**(Reading)** Become readers who employ appropriate strategies and skills to construct meaning from increasingly complex English print. Specifically, they will expand their use of age-appropriate literature and familiarity with a wide variety of genre as stated in the *California ELD Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

**(Writing)** Become increasingly skillful writers of English, able to communicate effectively in an everwidening variety of contexts. Specifically, students will fully employ the writing process and write English within the age-appropriate parameters as stated in the *California ELD Standards: Grades 6 – 8*, at the Early Intermediate Proficiency Level.

**(Careers)** Develop English skills needed for a wide range of occupations and gain awareness of the variety of career choices available, especially to those with proficiency in multiple languages.
